

### 🎓 Qualified IB Tutor | MSc Molecular Biology

As a seasoned tutor with a degree in Biomedical Sciences, I have a strong passion for teaching Biology, Science, and Maths across various levels, including IB, AP, A-Level, and IGCSE. My approach is student-centric, aiming to build confidence and deep understanding, ensuring every student reaches their full potential.

Teaches: Maths Science Biology

Curriculum: IB A-Level IGCSE GCSE AP

## Qualifications

**University of Valencia:** BSc in Biomedical Sciences  
(2009–2013)

**University of Barcelona:** MSc in Molecular Biology  
(2014–2016)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I've been tutoring for over eight years, specializing in Biology, Science, and Maths for students ranging from IGCSE to IB and A-Level. My journey began during my master's program, where I discovered my passion for helping others grasp complex scientific concepts. My experience spans working with students who have diverse learning styles, and I've developed a teaching methodology that's both flexible and adaptive. I focus on breaking down challenging topics into manageable parts, making sure each student fully understands before moving forward. This method has proven successful in improving grades and boosting confidence. I also integrate real-life examples into my lessons to make the material more relatable and easier to understand. For instance, when teaching cell biology, I draw from my research background in molecular biology to provide insights that go beyond the textbook. Over the years, I've worked with students from various educational systems, helping them excel in their exams by focusing on both content and exam techniques. My students often commend me for my patience, clarity, and the personalized attention I provide in each session. I am committed to helping students achieve their academic goals, whatever they may be.
